

Wood River 2030 Vision Statement

A beautiful and safe community closely connected to farmlands, lakes and forested areas, the Town of Wood River is a unique rural community committed to protecting and enhancing its agricultural, natural resources and quality of life. The Town of Wood River will endeavor to accomplish this vision by preserving its agricultural and natural resources while supporting responsible residential and commercial growth and development in appropriate designated areas.

The Town of Wood River will support this vision through reliance on intergovernmental cooperation and public participation.
